Auditor's responsibility

Our responsibility is to express an opinion on the concise financial report based on our audit procedures which were conducted with Auditing Standard ASA 810 Engagements to Report on Summary Financial Statements. We conducted an independent audit in accordance with Australian Auditing Standards of the financial report of the Association for the year ended 31 December 2015. Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance about whether the financial report for the year is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the concise financial report. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the concise financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Association's preparation of the concise financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Association's internal control. Our procedures included testing that the information in the concise financial report is derived from, and is consistent with, the financial report for the year. These procedures have been undertaken to form an opinion whether, in all material respects, the concise financial report complies with AASB 1039: Concise Financial Reports.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.
