Hi Peter

I note our phone conversation this afternoon, where you stated that the AWU wish to meet regarding a separate agreement. The PSA objects to this meeting unless discussions are limited to field based staff grades 1-3.

The PSA maintains its position that any such discussion regarding office based staff and/ or staff on grades 4-8 is a secret negotiations to the exclusion of the PSA. This will be capricious and unfair conduct that undermines the freedom of association and/ or collective bargaining.

Furthermore I seek that further discussions need to include all relevant bargaining agents to the agreement. I also seek that staff at grades 7 and 8 be formally notified of bargaining by NSW Forestry Corporation management.

Sincerely

James Shaw.
