## Payment changes update

The PSA understands the changeover to ARI by the 1 July is expected.

Part of this changeover from the PSA's perspective is to update payment information.

### What this means for PSA members

While most members actually do direct debit their payments from bank accounts or credit cards, there are still between 70 and 80 members who have their fees paid by payroll deductions.

For those of you who still paying by payroll deduction, the PSA is suggesting you change to direct debit.

Online 'Switch' forms are available [HERE](#)

Forms are also available from your Delegates, please contact them if you wish to change to direct debit.
