## CPSU NSW – University of NSW member enterprise bargaining feedback meetings

In the lead up to the next round of enterprise bargaining, your union, CPSU NSW will be holding regular meetings to collectively put forward what we, as members, would like to see improved in the enterprise agreement.

Given the nature of enterprise bargaining currently throughout the sector, it is vital that we come together at this time to work towards improving our working conditions and pay.

Your involvement as members will help to strengthen our position at the bargaining table.

Encouraging and educating non-members as to the importance of collectivism and membership in the realm of enterprise bargaining will also provide us with a greater collective voice and power.

The first meeting details are as follows:

**Location: Matthews 105**

**1pm**

**Tuesday, 3rd October**

This meeting will be a forum to field concerns and wishes regarding our Log of Claims, as well as an opportunity to ask questions of CPSU NSW Staff.

From there we will be holding more localised meetings within each of the faculties throughout the coming weeks and months.

We encourage non-members to come along and be a part of collective efforts to improve working conditions and pay for all University of NSW Professional Staff.

A meeting will also be held at COFA in the near future.

If you have any questions or concerns please email:
