Water NSW enterprise bargaining – Staff survey reminder

Reminder – Staff survey on removal and changes to Allowances

In order for the CPSU NSW to accurately reflect our members views, please complete the survey [HERE](#) in response to the proposals by Water NSW to remove and change the allowances across all of Water NSW.

While it is surprisingly that not everyone is a member of the CPSU NSW, **all employees of Water NSW will get to vote on the enterprise agreement**, unless they are not covered such as senior managers.

To help your union get a better picture of what all employees think, **please forward this email to your colleagues** and ask they complete the survey.

Discuss the proposals with them, and ask them to join the CPSU NSW [HERE](#).

Where there is a discrepancy between what members say and non-members, the union will be advocating the views of members So it's important that everyone at Water NSW joins the CPSU NSW.

In addition to industrial services for existing members who have trouble at work, and support in negotiating your pay and conditions of employment, the CPSU NSW provides a range of value added services.

In your conversations with your colleagues, this may help encourage them to join the CPSU NSW.
