

## Coal Services - Enterprise Bargaining Update – Log of Claims

On 27 February, CPSU NSW met with management to begin the process of negotiating your new Enterprise Agreement.

Based on the feedback that we have received from members so far during the listening sessions, we were able to give a verbal indication of what many of our claims will be.

We will be meeting with Management again on 12 March, and hope to present our formal written Log of Claims to them by 19 March.

Before we do this, we would like to hear from you. Let us know which order to prioritise our claims, and whether there is anything else you would like to add by completing the survey below:

[\*\*HERE\*\*](#)

Please note: The survey is open to CPSU NSW members only, and it will close at 5pm on Friday, 12 March.
