

Northcott MEMBERS' MEETING AT CAMPBELLTOWN

It was another successful members' meeting at Campbelltown on Thursday, 11 April 2019 attended by CPSU NSW Northcott members. We are planning another meeting at either Blacktown or Rooty Hill. Details will be sent to all members soon.

In light of Northcott making access to group home team meetings harder these types of general meetings have proven to be of additional value.

The difficult situation for staff in respite group homes was raised by worried members. The CPSU NSW will keep members updated after consultation with management.

Issues were also raised about changes to operational rosters, and we remind members that the Rostering Principles conditions are still in force.

Members seeking further assistance or advice are urged to contact the Member Support at **1300 772 679** or by emailing membersupport@psa.asn.au

What can you do in the meantime?

- » Nominate to be the contact person for your group home;
- » Print this and place it on notice boards
- » Talk to non-members about the importance of being part of the collective and ask them to join – www.cpsunsw.org.au/join

If you want an Organiser to attend your team meetings, please email disabilitycpsunsw@psa.asn.au
