Dear Thane,

Re: Enterprise Agreement

Following our contact prior Christmas and our meeting last Tuesday, I wish to confirm NSWALC remains intent on entering into negotiations to strike our next Enterprise Agreement over the coming months.

As discussed, the devastating bushfire season has resulted in our time and efforts supporting our communities rather than internally focussed. That said, our Executive are meeting at the end of March to discuss the operational requirements for the upcoming agreement and timeframe.

I'll be able to get back to you the first week in April to discuss the proposed timeframe along with our interim thoughts in relation to the next agreement.

Yours sincerely,

Lisa Brown
