

## Update closure of Lismore and Gold Coast campuses

Further to the CPSU NSW bulletin sent earlier today, Shelley Odewahn, President of the Higher Education Representative Council and Vice-President of the Southern Cross University CPSU NSW Branch, has contacted the university and received confirmation that all staff scheduled to work during this closure, including casuals, will be paid for their rostered hours.

As a union, we will continue to ensure your rights are protected during the uncertain times ahead. If you have any questions about accessing your entitlements, contact your local delegate or the Member Support Centre on 1300 772 679.
