

Enterprise bargaining: CPSU NSW provides Northcott with log of claims

The CPSU NSW strongly believes in member participation in all stages of the negotiating process. We developed a survey and asked you to contribute your ideas and let us know what is important to you during this bargaining process.

We listened to you and in consultation with your bargaining representatives we developed the log of claims for bargaining.

If you are not sure who your bargaining representatives are on the CPSU NSW bargaining team they are listed below.

Last week the CPSU NSW provided Northcott with our log of claims. You can view the log of claims [HERE](#).

As part of the log of claims, we are seeking to narrow what positions in Northcott will be included in the Agreement. This is still subject of bargaining and we will keep members updated as to how this progresses.

No meetings with Northcott and the other bargaining representatives have occurred. We will continue to keep members updated.
