(AG2018/974)

AUSGRID ENTERPRISE AGREEMENT 2018

Electrical power industry

DEPUTY PRESIDENT SAMS

SYDNEY, 24 MAY 2018

Application for approval of the Ausgrid Enterprise Agreement 2018.

[1] This is an application, pursuant to s 185 of the *Fair Work Act 2009* (the ‘Act’), filed by Ausgrid Management Pty Ltd t/a Ausgrid (‘Ausgrid’ or the ‘applicant’) which seeks the approval of the Fair Work Commission (the ‘Commission’) of a single enterprise agreement to be known as the *Ausgrid Enterprise Agreement 2018* (the ‘Agreement’). The Agreement was negotiated with the Australian Municipal, Administrative, Clerical and Services Union (the ‘ASU’), the Association of Professional Engineers, Scientists and Managers Australia (‘Professionals Australia’), the Communications, Electrical, Electronic, Energy, Information, Postal, Plumbing and Allied Services Union of Australia (the ‘ETU’) and Community and Public Sector Union (the CPSU) and the Construction, Forestry, Maritime, Mining and Energy Union (the ‘CFMMEU’) (collectively, the ‘Unions’) and Mr Ashok Parsotam a nominated employee bargaining representative (EBR). The Agreement is to cover 3,364 employees who are engaged in roles that correspond with the classifications outlined in Appendix 1C of the Agreement. For the purposes of s 186(3) of the Act, I am satisfied that the group of employees to be covered by this Agreement has been fairly chosen.

[2] The employees were last notified of their representational rights on 6 February 2017, and voting for the Agreement’s approval took place on 28 February 2018. The time limits under s 181(2) of the Act are thereby satisfied. In a secret ballot, 2,157 of the 2,963 employees who cast a valid vote, agreed to approve the Agreement. The application for

approval of the Agreement was lodged on 14 March 2018, thereby satisfying s 185(3) of the Act.

[3] In the Employer's Declaration in support of the application (Form F17) Mr Roger *Purcill*, Head of Employee Relations identified the *Electrical Power Industry Award 2010* [MA000088] as the relevant reference instrument for the purposes of the Better Off Overall Test (the 'BOOT'). Mr Purcill said the Agreement contains a number of provisions which are more beneficial than the reference instrument. These include higher rates of pay (of up to 149%), enhanced redundancy provisions, increased allowances and other improved benefits. Rates of pay are to be increased by 2.75% upon the Agreement being made (5 March 2018), 2.5% on the first anniversary of the Agreement being made and 2.25% on the second anniversary. Mr Purcill said the Agreement contains no terms which are less beneficial than the reference instrument, but it does contain some terms which are not conferred by the reference instrument. These include a number of allowances as well as provisions in respect to overtime. On balance, I am satisfied that the Agreement passes the BOOT. The Agreement provides for the mandatory flexibility and consultation terms at clauses 12 and 40 respectively, and a disputes resolution procedure at clause 42 provides for conciliation and arbitration by the Commission.

[4] At a hearing of the application on 9 May 2018, Ms T *Firth*, Counsel (Ashurst) appeared for Ausgrid with Mr R Purcill, Mr G McDonald and Mr J Stephens of Ausgrid. Ms M *Buchanan* appeared for Professionals Australia, Mr T *Dunne* appeared for the ASU, Mr M *Buttigieg* appeared for the ETU and Mr A Parsotam appeared for himself. I note there was no appearance on behalf of the CFMMEU. Ms T *Firth* outlined the main features of the Agreement and submitted that all of the legislative requirements for approval of the Agreement have been satisfied and the Agreement should be approved by the Commission. All the Unions and Mr Parotam had filed declarations in relation to the application (Form 18) supporting the approval of the Agreement and giving notice that they wish to be covered by the Agreement (s 183). For the purposes of s 201(2) of the Act, I note that the Unions are to be covered by the Agreement.

[5] Having heard the parties' submissions and upon reviewing the terms of the preapproval process documentation and the Agreement itself, I am satisfied that all of the requirements of the Act, in particular ss 180, 186, 187 and 188, in so far as relevant to this application, have been met. Accordingly, I approve a single enterprise agreement known as *Ausgrid Enterprise Agreement 2018*. Pursuant to s 54 of the Act, the Agreement shall operate from 16 May 2018 and have a nominal expiry date of 28 February 2021.

Except that no skills progressions will occur from 1 June 2018 until Appendix 4, Career, Capability and Remuneration is implemented from 1 December 2018..

13.1 Training

- 13.1.1 Skill development and continuous learning is a critical foundation for the continued success of the organisation.
- 13.1.2 Changes to an employee's work shall not justify an increase in pay unless the change in the work constitutes such a significant net addition to the work requirements that it warrants creation of or advancement to a new classification. Changes in work value can only arise from changes in the nature of work, the level of skill required or the level of responsibility exercised.
- 13.1.3 Whether or not a job warrants re-classification shall be determined by the Senior Human Resources Business Partner in consultation with relevant persons.
- 13.1.4 Where it is determined that the job warrants re-classification the evaluation will be carried out by a properly constituted job evaluation

committee. A properly constituted job evaluation committee shall comprise one union representative, a management representative and a Human Resources Business Partner.

 - (c) meet the needs of the organisation,
 - (d) address the joint requirements of improved productivity, quality and performance, and development opportunities for individuals.

13.1.9 Supporting Mechanisms

To support the competency/skills-based classification structures, employees may be given the opportunity to become skilled in:

- (a) Workplace Training (the delivery of workplace training);
 - (b) Skill Module Development (the design of competency-based modules);
 - (c) Workplace Assessment (the assessment of competency against agreed competency standards); and
 - (d) Reading, writing, numeracy and spoken communication.
- 13.1.10 The identification of competency/skill development requirements will be assisted by Ausgrid's performance development system.

- (d) Payments for learning undertaken outside normal hours will be determined on a case by case basis, prior to commencement of the program. However, when it is agreed, where such training is linked to a competency/skills based structure, payments will be made at the rate agreed between the persons covered by this Agreement, not to be less than ordinary rates.
- (e) Penalty rates shall apply to all management-directed and/or regulatory training that occurs outside normal working hours.

Date	from the Date this agreement is made	1 year after the date this agreement is made	2 years after the date this agreement is made
Percentage	2.75%	2.5%	2.25%

- 14.1.1 The above increases will also apply to the salaries covered under Appendix 2, Contract to EBA Transition.

- 14.2 The rates of pay set out in Appendices 1 and 4 include an "Ausgrid Allowance". This is shown in the table below:

20.9 Rest period after Overtime

20.9.1 Where overtime is necessary, whenever possible it shall be organised so that employees shall have at least ten (10) consecutive hours off duty. Subject to clause 20.9.2, if an employee cannot take a ten (10) consecutive hour break before the normal commencement time, they shall be entitled to time off without loss of normal pay until they have had a ten (10) consecutive hour break. If a ten (10) hour break is not given then the employee is paid double time for all hours worked until a ten (10) consecutive hour break is taken.

20.9.2 In the case of continuous overtime that commences directly before and is continuous with the scheduled ordinary hours, the 10 consecutive hour break will be due after the completion of the employees scheduled ordinary hours. If a 10 hour break is not given then the employee is paid double time for all hours worked until a ten (10) consecutive hour break is taken.

20.9.3 This clause shall not apply when 2 hours or less actual work is worked under subclause 20.8, Overtime when working outside of hours without return.

20.10 Time Off In Lieu Of Overtime

By agreement with their manager, an employee may elect to take time off in lieu (TOIL) of overtime. The TOIL provisions are as follows:

20.10.1 The election and approval to convert overtime to TOIL must occur and be documented prior to any claim for overtime being made and the date for taking the TOIL must be agreed at that stage.

20.10.2 Overtime hours may be converted to TOIL in four hour blocks from the actual overtime hours worked each week on an hour for hour basis.

20.10.3 TOIL hours shall be taken in full day periods unless otherwise agreed.

20.10.4 The agreed date for taking TOIL hours must be within two months of the agreement that was made.

21. ON CALL

21.1 This clause applies except in the case of:

(a) employees appointed as Professionals, Managers and Specialists under clause 46.

(b) and employees covered by Appendix 2, Contract to EBA Transition.

21.2 An employee who is on call shall be paid the amount in Appendix 1D, Extra Rates, Item No.'s 6, 7 and 8.

21.3 An employee who is on call for less than a whole week shall be paid one fifth (1/5th) of the allowance for each working day (Monday – Friday) or part thereof and one quarter (1/4) of the allowance for each Saturday, Sunday or Agreement/Public Holiday or part thereof up to a maximum of the full allowance.

21.4 An employee who is on call is required to be available for emergency and/or breakdown work at all times outside the employee's usual hours of duty. Upon receiving a call for duty, the employee is to proceed directly to the job.

21.4.1 Emergency and/or breakdown work includes restoring supply to our customers or making equipment safe which has failed or is likely to fail or maintenance work which is essential to prevent a supply failure. This includes work not only on Ausgrid's equipment but also on our customers' equipment.

21.5 Payment for a call out shall commence from the time the employee receives a call and continues until the employee arrives back home. Payment is at the appropriate overtime rate as detailed in Sub-clause 21.7

21.5.1 Employees who are on call are not confined to their homes but they must be reasonably available so that they would not be delayed by more than 15 minutes in addition to the time it would normally take to travel from their homes to the place where the work is to be performed. Any delays in excess of 15 minutes will not be paid unless specifically authorised.

21.6 An employee may be required to attend any other calls which arise prior to returning home.

21.7 Call outs are paid as set out in the table below with a minimum one (1) hour payment.

CALL OUT SITUATION	RATE APPLICABLE
All weekdays and weekends	Double time
Agreement/Public Holidays	Double time and a half

21.8 Employees who are called out are entitled to a minimum of one (1) hour's pay at double time each time they are called out.

21.9 If an employee is required to resume duty after a call out which exceeds four (4) hours, whether continuous or not, before having a ten (10) hour break, the employee shall be paid double time for all hours worked until a break of ten (10) consecutive hours has been taken.

21.10 Normal meal break and meal allowance provisions apply to overtime worked on call outs.

22. MEAL BREAK / MEAL ALLOWANCE

22.1 Meal breaks during ordinary hours shall be of at least a half hour duration. The actual duration and timing of the break shall be set after considering the location and nature of the work and may be altered from time to time in consultation with the employees concerned.

22.2 If an employee is required to work longer than five (5) ordinary hours without a meal or work break, they shall be paid time and a half until a meal break is taken.

22.3 Meal Breaks and Meal Allowances (at the rate specified in Appendix 1D(12)) are subject to the following conditions:

22.3.1 For all overtime which commences immediately after an ordinary day's work, the employee shall be entitled to a paid meal break of 20 minutes and a meal allowance after the first hour and a half actually worked. The second meal break and second meal allowance become an entitlement after a total of four (4) hours actually worked. Every subsequent period of four (4) hours actually worked shall entitle the employee to another meal break and meal allowance.

22.3.2 For all overtime which commences immediately before an ordinary day's work, the employee shall be entitled to a paid meal break of 20 minutes after each period of four (4) hours actually worked. The employee shall be entitled to a meal allowance after the first two (2) hours actually worked. Another meal allowance shall become an entitlement after a total of eight (8) hours are actually worked. Every subsequent period of four (4) hours actually worked shall entitle the employee to another meal allowance.

22.3.3 For all overtime which is not continuous with an ordinary day's work, the employee shall be entitled to a paid meal break of 20 minutes and a meal allowance after each period of four (4) hours actually worked.

22.4 An employee may, by mutual agreement, extend a meal break on overtime up to a total period of one (1) hour provided that any time in excess of 20 minutes is unpaid.

22.5 Meal breaks which occur during periods of overtime should be taken at the time they fall due unless the employee seeks to defer the break to a later time.

23. EXCESS TRAVEL

23.1 Excess travel time is defined as additional travelling time incurred by an employee in the following circumstances where:

- 23.1.1 the employee is directed to start work at a location which takes longer to travel to or from their home than to the usual place of work.
- 23.1.2 the employee is transferred to a new place of work which takes longer to travel to or from their home than to the former place of work. See also Sub-clause 23.2.
- 23.1.3 the employee is required to work planned overtime that is not continuous overtime with the ordinary shift.

Where the employee does not have a usual place of work but instead has a nominal headquarters to which they are attached, for the purpose of calculating excess travel the headquarters are treated as the usual place of work.

23.2 Where an employee is transferred to a new place of work, payment for any excess travel shall only continue for the first six (6) months.

23.2.1 No excess travel is payable in relation to transfers or appointments made at the employee's request, or which are made for disciplinary reasons.

23.2.2 Subject to 23.1 Excess travel will be payable where the employee has been transferred or appointed as a result of a restructure involving their position/role or where an Excess Employee applies for or is directed into a position.

23.3 Payments for excess travel shall be calculated by estimating the actual travel time and distance by road. Excess travel time shall be calculated at ordinary rates for journeys undertaken Monday to Saturday inclusive and at ordinary time plus a half on Sundays and Agreement/Public Holidays. From date of effect of this agreement the rate used for the estimate of actual travel by private vehicle will be the ATO rates specified in Item 33 of Appendix 1D.

Reimbursement for the distance travelled is not paid in any circumstances where an employee travels in an Ausgrid vehicle.

23.4 Excess travel is not paid for journeys undertaken during work time.

23.5 Where an employee is required to work unplanned overtime, all travelling time is paid at the appropriate overtime rate as set out in subclause 20.4. The minimum payment of four (4) hours includes any travel time where the total time for the job plus travel to and from the job is four (4) hours or less.

23.6 An employee will be paid for his/her actual excess travel time and fares or the amount calculated under subclause 23.3 above, whichever is the greater. Where an employee believes he/she has not at least been paid for the actual excess travel time and fares, he/she should submit a claim providing sufficient details about the actual mode of transport and the duration of travel for the claim to be assessed and paid.

23.7 Employees who travel in an Ausgrid vehicle are only entitled to payment for any excess travel time in excess of 30 minutes per journey. This subclause does not apply to travel time for unplanned overtime which is paid as per subclause 20.5.

23.8 Notwithstanding Sub-clause 23.7 above, employees who travel to and from work in an Ausgrid vehicle shall not be entitled to payment for excess travel if the payment means it is no longer worthwhile to Ausgrid for the employee to take a vehicle to and from work. Payment for excess travel to employees who use an Ausgrid vehicle must be authorised by the relevant General Manager.

24. HIGHER GRADE PAY

This clause shall operate until 30 November 2018 and on 1 December 2018 will be replaced in its entirety by Appendix 4 Career, Capability and Remuneration, and will from that point no longer apply.

24.1 This clause does not apply to:

24.1.1 employees covered by clauses 46, PM&S and 47, Engineers. Higher grade pay for those employees is dealt with in those clauses as applicable; and

24.1.2 employees acting in a position occupied by a person covered by Appendix 2. Appendix 2 is a unique set of terms and conditions applicable only to the persons covered by that Appendix. If an employee is required to work in a position occupied by a person covered by Appendix 2, Ausgrid and the employee will agree on the terms and conditions that will apply to the employee for the period of acting.

24.2 Employees are paid for the full range of duties that they would be expected to undertake from time to time. Higher Grade duties apply where employees take on higher responsibilities and duties which are beyond the scope of their classification grouping, e.g. a Technician acting as a Field Co-ordinator, Superintendent etc.

24.3 Subject to subclause 24.7, employees who are required to carry out duties of a higher grade which are not recognised within the scope of their normal classification grouping shall be paid the appropriate higher rate for the actual period involved, provided they carry out the duties for a minimum of one (1) day continuously.

24.4 If an employee has been receiving higher grade pay for a continuous period of 13 weeks immediately prior to commencing annual leave, sick leave or accident leave, the employee will be paid the higher grade rate for the duration of the absence. Absences on approved paid leave of five (5) days or less aggregate duration will not cause a break in continuity for the purposes of this sub-clause. In all cases, the payment of higher grade pay whilst on paid leave will not exceed six (6) months duration. Breaks in Higher Grade duties of five (5) days or less aggregate duration shall not cause a break in continuity for the purposes of this sub-clause.

24.5 Agreement/Public Holidays during a period of higher grade duty will be paid at the higher rate.

24.6 The higher grade rate will not apply to long service leave or payments made for service entitlements at the termination of employment.

24.7 Higher grade pay is paid to an employee who is required to perform higher grade duties to cover the work of an employee who is absent for more than two (2) days taken as RDOs.

24.8 Undertaking on the job training in a higher graded position does not entitle an employee to higher grade pay unless the person is actually given responsibility for the job, e.g. in a relief role.

24.9 Except where an employee is relieving in a vacancy created by an employee on approved leave, such as parental leave or long service leave, or the work

area is being restructured, a period of higher grade pay shall not continue for more than six (6) months before the job is advertised.

25. ANNUAL LEAVE

- 25.1 Employees, excluding shift workers and casuals, shall accumulate 144 hours of annual leave in each complete year of service. An employee's entitlement to paid annual leave accrues progressively during a year of service according to the employee's ordinary hours of work and accumulates from year to year.
- 25.2 This annual leave will be approved by Ausgrid provided that adequate employees are available to meet the needs of the organisation. Ausgrid must not unreasonably refuse to agree to a request by an employee to take paid annual leave.
- 25.3 Annual leave may be taken in any combination of separate periods. These should be taken in whole days.
- 25.4 Payment for annual leave shall be at the ordinary rate of pay. See Clause 24 Higher Grade Pay or Appendix 4 – Career, Capability and Remuneration in relation to Higher Grade Pay.
- 25.5 Employees may be allowed to take a period of annual leave in advance of its accrual, subject to approval. Where their employment subsequently terminates before the leave has accrued on a pro rata basis, the employee agrees Ausgrid may deduct any pre-payment from their termination pay.
- 25.6 Any Agreement/Public Holidays which occur during annual leave shall not be deducted from annual leave entitlements.
- 25.7 Rostered days off do not accrue during periods of annual leave.
- 25.8 If an employee provides evidence that during a period of annual leave, their absence included a period of any other leave (other than unpaid leave), or a period of absence for community service leave, then the period of leave which is affected will be re-credited as annual leave and converted to the appropriate type of leave.
- 25.9 Seven Day Shift workers shall accrue 200 hours of annual leave in each complete year of service. A Seven Day Shiftworker's entitlement to paid annual leave accrues progressively during a year of service according to the employee's ordinary hours of work and accumulates from year to year.
- 25.10 A shift worker who is not a Seven Day Shiftworker shall accrue 160 hours of annual leave in each complete year of service which accumulates from year to year. A shiftworker who is not a Seven Day Shiftworker's entitlement to paid annual leave accrues progressively during a year of service according to the employee's ordinary hours of work and accumulates from year to year.
- 25.11 Employees who have worked as Seven Day Shift workers for part of a year shall receive a pro rata entitlement to additional annual leave.
- 25.12 When an employee ceases employment for any reason, they shall be paid for any annual leave which has not yet been taken for each completed year of service. The employee shall also be paid a pro rata amount for any leave which has not been taken for any partly completed year of service. Payment for all outstanding annual leave shall be at the amount that would have been payable to the employee had the employee taken that leave. (Subject to Clause 24 in relation to Higher Grade Pay or Appendix 4 – Career, Capability and Remuneration).
- 25.13 Employees shall not commence annual leave whilst on personal leave or accident leave.

- 25.14 All annual leave is paid at the employee's Ordinary Rate of Pay which includes, all purpose allowances as defined and Higher Grade Pay where applicable (See Clause 24 Higher Grade Pay or Appendix 4 – Career, Capability and Remuneration). Shift workers are paid for their annual leave at their ordinary rate of pay inclusive of shift allowances or receive an annualised holiday loading paid at 1.65% each week, whichever is the greater.
- 25.15 Subject to approval of Ausgrid, employees may use single days of annual leave to look after sick relatives or deal with emergencies. In these circumstances, the employee shall provide his/her manager with as much notice as possible before the scheduled start of work for which they wish to be absent.
- 25.16 Where an employee has an annual leave balance in excess of 320 hours for a day worker or a shift worker who is not a Seven Day Shiftworker or 400 hours for a Seven Day Shift Worker, the employee and manager will develop a plan to reduce the annual leave balance within 12 months to less than 320 or 400 hours respectively. Both parties must adhere to the plan, unless changes are agreed by both parties as to the timing and/or duration of the leave.
- 25.17 Subject to the requirements of 25.2 Annual leave may be taken at half pay by part-time employees.
- 25.18 Subject to the requirements of 25.2 Annual leave may be taken at half pay by full-time employees where approved by Ausgrid, but only where:
- 25.18.1 the employee has an annual leave balance of 320 hours or less (or 400 hours or less for a Seven Day Shift Worker) at the time of commencing annual leave; and
- 25.18.2 where the leave of absence is for a period of two weeks or longer.
unless otherwise agreed between Ausgrid and the employee.
- 25.18.3 The taking of half pay leave under this clause does not break an employee's continuity of service. However during such an absence, any paid leave under this agreement will accrue on a pro rata basis only.

25.19 Cashing out annual leave

An employee who has an excess annual leave balance of the amounts prescribed in 25.16 may at their sole discretion request in writing for annual leave to be cashed out but only in the following circumstances. An employee must have:

- 25.19.1 an annual leave balance of more than 160 hours (200 hours for Seven Day shiftworkers) after any cashing out of annual leave;
- 25.19.2 taken 160 hours–annual leave in the preceding 12 month period prior to making the request.
- 25.19.3 The employee must be paid at least the full amount that would have been payable to the employee had the employee taken the leave that the employee has forgone at the time of payment.
- 25.19.4 Where an employee meets the above criteria, cashing out is only allowed to the equivalent of half the annual leave balance accrued at the time the employee makes the request and may only occur once per employee only within the first 12 months of operation of this agreement.

 - (f) In this term relevant employees means the employees who may be affected by a change referred to in subclause 40.4.

41. OUTSOURCING/CONTRACTING OUT

41.1 Basic Principles:

Outsourcing or contracting out will not diminish the working conditions of this Agreement.

41.2 Work will only be outsourced or contracted out when it can be demonstrated that:

41.2.1 peak workloads cannot be met by Ausgrid's workforce including reasonable overtime; or

41.2.2 where specific expertise, not available in Ausgrid's workforce, is required. Where recurring work requires such expertise, Ausgrid will make efforts to obtain this expertise by training and/or reorganising its existing workforce. Ausgrid will keep the relevant employee representative(s) informed about such training and reorganisation; or

41.2.3 the use of outsourcing or contracting out the work is commercially the most advantageous option taking into account safety, quality, performance, and cost.

41.3 In circumstances where Ausgrid is examining outsourcing or contracting out of work activities:

41.3.1 An Outsourcing Consultation Forum will be established between Ausgrid, the unions and nominated representatives. The Forum will:

- be for Ausgrid to inform and consult on an outsourcing plan where Ausgrid is examining actual and potential outsourcing activities;
- provide feedback to Forum members on major program work;
- oversee compliance with clause 41.4.2;
- meet approximately each quarter; and
- not have right of veto.

41.3.2 Ausgrid will advise the employees and their union(s) and provide them the appropriate time (relevant to the nature of the proposal) to respond with suitable proposals in respect of possible alternative arrangements to outsourcing or contracting out;

41.3.3 The persons covered by this Agreement including relevant work groups/employees may, via the consultative process in this Agreement, utilise external benchmarking prior to market testing to permit internal efforts to improve efficiencies and become more competitive. Prior to expressions of interest or tenders being called, where employee generated alternatives are received, such alternatives will be considered;

41.3.4 Expressions of interest or tenders when advertised shall be timed so as to provide the employees with an opportunity to submit a conforming expression of interest or tender. If an employee generated conforming expression of interest or tender is submitted, it will be evaluated together with external submissions consistent with the tendering and probity procedures of Ausgrid.

- 41.3.5 If it is subsequently determined that expressions of interest or tenders are to be invited, Ausgrid will provide the union(s) with a copy of the document or a link to the document which has been prepared.
- 41.3.6 In evaluation of conforming expressions of interest or tenders, any comparisons will be made on a basis discounting any overheads that would continue even if the work was outsourced or contracted out. Such overheads would typically include tendering costs, contract administration, contract supervision and the cost of any redundancies which may arise as a result of the decision to outsource or contract out.
- 41.4 When a decision is made by Ausgrid to outsource/contract out work not already outsourced or contracted out, or in a review of existing contracts, Ausgrid will consider a contract to a contractor that demonstrates:
- 41.4.1 contractor(s) undertaking the outsourced /contracted out work will have wages and conditions that are no less favourable than that provided for in the contractor's relevant industrial instrument.
- 41.4.2 it has established appropriate industrial relations policies and practices which promote harmonious employee relations and minimise the risk of industrial disputes and that it complies with appropriate safety standards, environmental standards and quality standards to a level commensurate with the standards Ausgrid expects.
- 41.4.3 if after engagement of a contractor a person covered by this Agreement provides sufficient evidence that a contractor is not providing its employees with correct statutory entitlements, Ausgrid will use an independent organisation to audit compliance with these entitlements. If the audit confirms that there is a breach of the statutory entitlements of the Contractor's employees, Ausgrid will take appropriate action.
- 41.5 In the event that Ausgrid has determined to outsource or contract out work, affected employees will have access to the full range of options available under all relevant Ausgrid policies which apply at the time. These options will include training and / or retraining.
- 41.6 Any person covered by this Agreement may refer any non compliance with this process to the Dispute Settlement Procedures.
- 41.7 The persons covered by this Agreement will comply with their obligations under clause 40 of this Agreement prior to enacting the above. Nothing in this clause diminishes the obligations under clause 40.

42. DISPUTE SETTLEMENT PROCEDURE

42.1 Objectives

- 42.1.1** The objective of the dispute settlement procedure is to ensure:
- (a) disputes are resolved at their source and at the lowest possible level;
 - (b) employees address the issue with their supervisor first;
 - (c) that disputes are resolved in a timely and efficient manner without unnecessary delay by any party

- (d) the dispute remains in the part of the organisation concerned without interference from employees not involved; and
- (e) The objective of this DSP is to ensure that disputes relating to the relationship between the employer and employees are dealt with according to this clause.
- (f) If an employee or employee representative notifies Ausgrid in writing that a matter is in dispute, work will proceed in accordance with the reasonable directions of Ausgrid, subject to sub-clause (g).
- (g) Where the subject matter of a dispute notified in accordance with sub-clause (e) is an action proposed by Ausgrid that directly affects an employee or employees and if taken, would materially disadvantage the employee or employees, or prejudices the ultimate resolution of the dispute. Ausgrid will not implement that action while the applicable dispute procedure is being followed by the party who notified the dispute. This obligation to maintain the "status quo" does not prevent Ausgrid from taking other steps which may relate to the matter in dispute but which do not themselves materially disadvantage the employee or employees concerned.
- (h) Ausgrid, the unions and nominated representatives may apply to the Fair Work Commission to revoke, suspend or enforce the status quo obligation in sub-clause (g) where there are reasonable grounds for doing so.

The Fair Work Commission is authorised to determine any such application unless the Fair Work Commission decides that there are compelling reasons not to.

APPENDIX 3 - ANNUAL LEAVE CONVERSION

METHOD FOR CONVERTING ANNUAL LEAVE AND SICK LEAVE ENTITLEMENTS TO HOURS

This applies to Ausgrid's employees whose ordinary hours of work equal 72 per fortnight.

Employees accrue either 12, 15 or 18 days of personal leave per year, depending on length of service. They also have a statutory entitlement to four (4) weeks annual leave including non working days. Shift workers have an annual leave entitlement of 20 or 25 shifts.

The method of work for these employees is to work eight (8) hours per day over a nine (9) day fortnight. Day workers work five (5) days in the first week and four (4) days in the second. Shift workers average nine (9) days per fortnight over their full roster. Day workers are paid at the appropriate rate for a 36 hour week but actually work 40 hours in the first week and 32 in the second. They work eight (8) hours per day and are paid for eight hours per day RDO. Shift workers are paid according to the actual hours worked each week.

This Agreement provides amongst other things, for the possibility of work being organised into nine (9) hour day/four (4) day weeks and 12 hour day/three (3) day weeks. This requires all sick leave and annual leave entitlements to be recorded in hours and debited in hours.

Sick leave and annual leave are converted to hours according to the following methods. Employees are entitled to 18 days of sick leave and work an eight hour day. Therefore, the annual sick leave entitlement is 144 hours. The annual leave entitlement is also 144 hours because four weeks work is equivalent to four times 36 hours per week.

All sick leave is debited according to the ordinary hours actually worked each day. If the ordinary hours are eight (8), nine (9) or 12 per day then eight (8), nine (9) or 12 hours respectively will be deducted for each day of absence on sick leave.

All annual leave for employees who work a nine (9) day fortnight is deducted at eight (8) hours per day.

Other employees who work shiftwork or nine (9) or 12 ordinary hours per day will have the actual ordinary hours debited from their annual leave. For example, an employee who works 12 ordinary hours per day will only work three (3) days per week. If 12 hours is debited for each day of annual leave, the employee is still entitled to four weeks of annual leave at three days/week.

Similar arrangements will be made for employees who work a 35 hour week.

APPENDIX 4 – CAREER, CAPABILITY AND REMUNERATION FRAMEWORK

This Appendix operates on and from 1 December 2018, other than the consultative requirements set out in Clause 2 of this Appendix which will commence from the date of approval of this Agreement.

1. Overview

- 1.1. The CCR Framework is a simpler approach to pay that links pay to performance, encouraging a high-performance culture at Ausgrid. This will enable Ausgrid to achieve our vision to be a leading energy solutions provider, recognised both locally and globally.
- 1.2. The CCR Framework is a broad-banded pay structure, as set out in Clause 5 of this Appendix. Work Level Standards provide a framework to differentiate Positions (grouped into Bands) based on the complexity of work undertaken by employees. Streams set out the nature of work undertaken by employees and each Band is divided into Levels.
- 1.3. A pay scale sets out a pay point for each Level within a Band, pursuant to Clause 6 of this Appendix. The pay scales under the CCR Framework have been developed with the intent to balance:
 - 1.3.1 aligning pay rates of the first pay point of existing classifications under the Ausgrid Enterprise Agreement 2012 with the pay rate of Level 1 of the relevant CCR Band; and
 - 1.3.2 ensuring the CCR Framework provides for fair and logical pay progression.
- 1.4. Progression to Levels within a Band is based on employee performance as part of the annual performance cycle, pursuant to Clause 11 of this Appendix.
- 1.5. Promotion between Bands is via a selection process based on merit or for eligible Roles, via a streamlined merit process, pursuant to Clause 12 of this Appendix.
- 1.6. Pay for current employees as at 30 November 2018 will be 'grandparented', meaning no current employee will lose pay at the point of transition to the CCR Framework, pursuant to Clause 17 of this Appendix.
- 1.7. Employees who receive salary maintenance will continue be paid salary maintenance under the CCR Framework, pursuant to Clause 17 of this Appendix. These employees will transition to the CCR Framework based on their current appointed position classification as at 30 November 2018.

2. Consultative requirements

- 2.1. Prior to this Appendix coming into operation on 1 December 2018, Ausgrid will consult on:
 - 2.1.1. the review of the Performance Development Policy;
 - 2.1.2. the development of the framework used to determine whether an employee Exceeds Expectations, Meets Expectations or Does Not Meet Expectations, as set out in the Performance Development Policy;
 - 2.1.3. the review of the Merit Appointment Policy, including the development of a streamlined merit process for Promotion; and
 - 2.1.4. the development of the Work Level Standards Policy.
- 2.2. The policies set out in Clause 2.1 of this Appendix will be developed based on the following principles:
 - 2.2.1. The employee performance required to obtain a Performance Rating of Exceeds Expectations, Meets Expectations and Does Not Meet Expectations, as set out in the Performance Development Policy, encourages a high-performance culture at Ausgrid while being achievable for employees.
 - 2.2.2. The Performance Development Policy will include the opportunity for employees to participate in and contribute evidence to the assessment of their Performance Rating. Employees will also be able to request a review of their Performance Rating, following Calibration, pursuant to Clause 10.6 of this Appendix.
 - 2.2.3. The Work Level Standards will be developed based on the complexity of work currently undertaken by classifications prior to the transition to the CCR Framework pursuant to Clause 17 of this Appendix. The Work Level Standards will not be developed with the intent of changing pay levels associated with Positions.
 - 2.2.4. All policies will be developed to avoid, wherever possible, materially adverse and unfair employee outcomes as a result of transition to CCR.
- 2.3. Following this Appendix coming into operation on 1 December 2018, Ausgrid will consult on any materially adverse and unfair employee outcomes as a result of transition to CCR, including at the initiation of unions or their representatives.
- 2.4. Consultation will commence at the Peak Consultative Committee level pursuant to Clause 40 of this Agreement. Attachment C to Appendix 4 – Career, Capability and Remuneration Framework: CCR transition schedule

Introduction

The CCR transition schedule outlines the proposed transition of position classifications, classification codes, skill levels and all-purpose allowance combinations, to streams, bands and levels within CCR.

Section 1: Includes currently used position classification, classification code, skill level and all-purpose allowance combinations as per the Ausgrid Enterprise Agreement 2012. For classifications that map across multiple streams (e.g., Supervisor), transition to a stream will be based on position titles which are shown under brackets (e.g., Supervisor (Clerk of Works)).

Step 1		Step 2			Step 3			Step 4		Step 5		Step 6		
Find your current position classification, classification codes and skill level. Refer to your pay slip for your classification code.		Confirm your current pay (incl. all-purpose allowances) prior to the transition to CCR.			Learn which CCR stream, band and level you will transition to on 1 Dec. 2018.			Understand the CCR pay rate (excl. or incl. the Qualified Electrical Supervisor & Chartered or Registered Engineer (QES&CRE) allowance) associated with your stream, band and level.		Learn whether your pay will increase or be grandparented on transition to CCR.		Confirm your new pay (incl. all-purpose allowances)

Section 2: Position classifications not included in the transition schedules

Proposed CCR band transition

For any position classifications, classification code, skill level and allowance combinations not set out in Table 1, the proposed band that employees will transition to will be based on pay points as outlined in the table 2.1 below.

Table 2.1:

Stream and pay point			Proposed band

5 - 14	5 - 14	5 - 14	A1
15 - 20	15 - 20	15 - 20	A2

Proposed CCR level transition

For any position classifications, classification code, skill level and all-purpose allowance combinations not set out in Table 1, the default level will be set based on the ordinary rate of pay on 30 November 2018:

- (a) The tables in the following pages present the proposed level that employees will transition to, based on their ordinary rate of pay on 30 November 2018 and proposed stream and band.
- (b) For employees **eligible** for the QES&CRE allowance that transition to the Power Worker or Engineering stream, refer to the tables with the CCR rate (**incl.** QES&CRE allowance).
- (c) For employees **not eligible** for the QES&CRE allowance, refer to the tables with the CCR rate (**excl.** the QES&CRE allowance).
- (d) Where current rate of pay is **less than** the level 1 band rate of the respective stream, the employee will map to level 1 of that band, and pay will be increased to the CCR rate.
- (e) Where current rate of pay is **greater than** the level 5 band rate of the respective stream, the employee will map to level 5 of that band and will continue to receive their current rate of pay.

Note – the pay rates in Table 2.2, Table 2.3, Table 2.4, Table 2.5 and Table 2.6 below:

- (f) Incorporate the Ausgrid Allowance. For shift workers the annual rate of pay (except for District Operators and Area Operators) will also include the additional holiday leave loading.
- (g) Include the 2.75% wage increase proposed to come into effect following a successful employee vote for the Ausgrid Enterprise Agreement 2018.

APPENDIX 5 – REDUNDANCY, REDEPLOYMENT AND SALARY MAINTENANCE

1. Introduction

1.1 Ausgrid is committed to achieving continuous improvement in the performance of its business. From time to time this may include restructuring of Ausgrid or changing how work is performed which may result in redundancy.

1.2 Ausgrid will endeavour to offer suitable alternative employment within the business to an employee prior to making a position/role redundant. Natural attrition, redeployment and voluntary redundancies will be the preferred method by which a surplus number of employees is reduced. However, where these preferred methods are in Ausgrid's opinion not suitable or possible in achieving the required employee reduction involuntary redundancies may be implemented from 1 July 2020, subject to the provisions in this Appendix 5.

Where multiples of the same position within a structure are found to be redundant, Ausgrid will undertake a selection process to determine those employees that remain with Ausgrid. The first selection method utilised will be those from that position or group who have sought voluntary redundancy. The further selection process will be subject to consultation and will include an assessment of the skills required by Ausgrid and the employees' performance.

1.3 Upon commencement of this Agreement any previous policies or agreements dealing with redeployment, redundancy or salary maintenance, including the *Ausgrid Redundancy and Redeployment Policy* dated 17 May 2013 and the *Memorandum of Understanding – Salary Maintenance* dated 11 April 1997, are both rescinded and no longer apply to Ausgrid and its employees.

1.3.1 This will not remove an employees' existing salary maintenance arrangements from continuing to apply under this Agreement.

1.4 Nothing in this Appendix 5 will prevent Ausgrid from terminating the employment of an employee as a result of performance, behaviour or other conduct that warrants dismissal, including a failure to genuinely participate in any redeployment, training or placement process, or on the basis that the employee is not fit to perform the inherent requirements of their substantive position.

1.5 This Appendix 5 does not apply to:

- temporary, short term, fixed term or casual employees;
- apprentices, vocational traineeships or cadets; or
- labour hire / agency hire workers.

1.6 Part time Excess Employees eligible to receive payments under this Appendix 5, will do so at their applicable pro rata rate.

2. Definitions

The following definitions apply for the purposes of this Appendix 5:

10.1 This clause only applies in circumstances where the Australian Taxation Office issues Ausgrid a tax ruling that allows a mix and match process for a specified period of time and for the period that tax ruling continues to apply. The mix and match process will strictly comply with the terms of the tax ruling.
