

## Join the Professional Staff union at Macquarie University: the CPSU NSW

The COVID-19 pandemic has had a massive impact on our public universities. As the union exclusively representing university Professional Staff, we are committed to working with the sector to support a world-class, sustainable and successful higher education industry in Australia, where secure jobs are maintained and valued.

Consequently Macquarie University has recently released Workplace Change Proposals in the areas of IT, Finance and Learning and Teaching.

The CPSU NSW is extremely concerned about Professional Staff job losses proposed by the university and will fight to protect the interests of Professional Staff at this difficult time.

There has never been a more important time to join the CPSU NSW and make your voice heard.

Never before have your terms and conditions of employment been under such a threat from the unusual quarters. But also never before has your membership of our union been more important in protecting them.

The CPSU NSW is a member-led, democratic union. Membership gives you a real voice and a vote in determining your pay and working conditions. Branch-by-branch, university-by-university. You decide.

The CPSU NSW always puts the interests of Professional Staff first.

***Stand with us today!***
