Central Coasties, have your say on your work and commute

COVID-19 has changed the way some of us work and how some of us commute. Some local and regional MPs are asking constituents what they think and what their experiences are. One, the Member for Gosford, wants to hear from Central Coast residents about opportunities for our community.

You can complete the survey here: www.research.net/r/WorkFromHomeSurvey2020

Many of our members live on the Central Coast and we want as many as possible to have their say on the future of their work. Is your local member doing a survey? If so, we would love to share it, so let us know at psanews@psa.asn.au.

Know someone who should do the survey but isn't a member?

Sign them up here: www.psa.asn.au/join.

Regards,
Claire Pullen
Women's Officer and part-time Central Coastie
