

What do you want in your Enterprise Agreement?

It is time to CPSU NSW UTS BRANCH members to endorse your log of claims (LOC) for the upcoming Enterprise Agreement negotiations with UTS management.

The LOC is the list of issues that CPSU NSW members at UTS think are important such as job security and workload, to name a couple.

The proposed log of claims has been put together by your local delegates after surveying and consulting with CPSU NSW members across UTS.

Read your log LOC [HERE](#).

All members are invited to endorse the LOC at the CPSU NSW members meeting on Friday 25 June 2021 at 12:30pm. You can either attend [via Zoom](#) or in person in room CB01.21.050.

The CPSU NSW is the union for Professional Staff in universities. We only cover Professional Staff and will always put Professional Staff interests first.

If you have any questions, please get in touch with your negotiating team or CPSU staff:
