Commented [RS29R28]: Anna has proposed some wording yet to be included

Formatted: Font: Bold

(a) When WaterNSW is considering a change in the workplace that may impact employees, it must consult with the employees affected and their representatives.

~~In this clause, WaterNSW means a WaterNSW employee with the authority to make a decision that results in change in the workplace.~~

(b) WaterNSW may consult using different processes depending on whether the change is- major change or less than- major change.

(c) Major change means a change that is likely to have a significant impact on employees. A change to rosters or regular hours of work or a change to production, program, organisation, structure or technology is major change.

Areas in which major change may occur include, but are not limited to:

(i) rRedundancy, restructure or redeployment;

(ii) iIntroduction of new technology;

(iii) cCareer pathways, career development or competencies;

(iv) cChanges to work practice, hours of work or core accountabilities; or

(v) cChange in work location, regular roster or ordinary hours of work.

(d) WaterNSW will strive to avoid job losses associated with workplace change by working with employees affected and their representatives to develop alternatives such as reskilling and redeployment.

(e) Less than major change is change that may have an impact on employees, but that impact is not significant, and the change does not constitute major change.

(f) Where the proposed change is major change, WaterNSW must:

(i) Communicate with the employees affected and their representatives as soon as practicable that a problem, issue or opportunity exists that gives rise to the potential for major change. In this clause "as soon as practicable" means when WaterNSW has enough information to convey about the problem, issue or opportunity to make the communication worthwhile; and  
z.

(ii) Refer the problem, issue or opportunity to the Peak Consultative Group that may establish a Consultative Working Group comprised of representatives of WaterNSW, the employees affected and their representatives. The Peak Consultative Group or the Consultative Working Group will develop a Consultation Plan that will set out a joint program of collaboration and consultation to address the problem, issue or opportunity.

(g) The parties acknowledge that the source of the problem, issue or opportunity may be external to WaterNSW. In this case, communication may be about a decision that impacts WaterNSW which that an external authority requires it to implement. In this case, the problem, issue or opportunity will concern the implementation of this decision rather than the decision itself.

(h) The members of the Peak Consultative Group or the Consultative Working Group will endeavour to use the interest-based problem-solving process to address the problem, issue or opportunity. This means that they will seek to understand the key needs and concerns of WaterNSW and the employees affected and use the interest-based problem-solving process to strive to reach a mutually beneficial outcome.

**Commented [ND30]:** This is confusing. If WaterNSW means WaterNSW employees, then this doesn't make sense at 2.1 (e). Consider deleting 2.1 (b) and then updating current 2.1 (c) to begin with Employees may consult using different...

- (i) The interest-based problem-solving process is a collaborative ~~problem-solving~~problem-solving process involving:
- (i) dDefining the problem, issue or opportunity;
  - (ii) iIdentifying the stakeholders and their interests;
  - (iii) sSharing relevant information;
  - (iv) dDeveloping a range of options;
  - (v) eEstablishing agreed criteria by which to evaluate options; and
  - (vi) sStriving to reach consensus on the best available option or options.
- (j) The criteria are to be developed by the Peak Consultative Group or Consultative Working Group. Criteria to be considered include:
- (i) -safety, hardship of those affected;
  - (ii) -workload of those affected and that of any remaining employees;
  - (iii) -job security;
  - (iv) -building mutual respect;
  - (v) -job satisfaction;
  - (vi) -tangible productivity improvement; -and
  - (vii) any legislative requirements.
- (k) The parties acknowledge that consensus cannot be mandated. It is the goal of the process, not an obligation. If consensus is not reached or is not within reach within a reasonable timeframe (where reasonable timeframe means sufficient time to complete the steps in subclause 2.1-(j)), WaterNSW may ~~make a decision~~decide to address the problem, issue or opportunity.
- (l) If consensus is reached, the Peak Consultative Group or the Consultative Working Group must consider how to consult about the outcome of the interest-based problem-solving process with the employees affected. The consultation process in subclause 2.1(o) ~~below~~may be followed, or a shorter process decided by the Peak Consultative ~~Group~~Group, or the Consultative Working Group may be adopted in light of the collaborative process already undertaken.
- (m) Once a decision is implemented, a joint review of the impact of the change will be undertaken. The review will be identified as part of the Consultation Plan and jointly conducted at the most appropriate juncture to assess the impact of the change.
- (n) Where the proposed change is less than major change, WaterNSW will follow the consultation steps in subclause 2.1(p) i) to (vii) ~~below~~or follow the process for major change in subclause 2.1(h) ~~to~~-(n)-~~above~~.
- (o) ~~(p)~~ Consultation steps are:
- (i) cCommunicate the proposed change to the employees affected and their representatives by an informal exchange;

- (ii) ~~e~~Explain the reason behind the proposed change to the employees affected and their representatives, and communicate any measures to avert or mitigate any negative impacts;
- (iii) ~~i~~Invite the employees affected and their representatives to provide feedback about the proposed change orally or in writing, including measures to avert or mitigate any negative impacts;
- (iv) ~~c~~~~Genuinely~~ consider the feedback given by the employees affected ~~and/or~~ their representatives;
- (v) ~~p~~Provide a response to the feedback given to the employees affected ~~and/or~~ their representatives;
- (vi) ~~a~~Amend the proposed change as decided by WaterNSW ~~decides~~; and
- (vii) ~~c~~Communicate the change to the employees affected ~~and/or~~ their representatives.

Base Pay Increase by Zone					
---------------------------	--	--	--	--	--

Total Base Pay increases are determined as follows:

The pPay rRange for each gGrade is divided into fourfour Zones (as detailed in Schedule 1).

The Zone for an employee is determined based on their gGrade and individual Base Pay in the relevant year of the Agreement.

To identify the Zone and Total Base Pay Increase Percentage for an employee:

- (i) rReview the table in Schedule 1 and identify the relevant gGrade for the employee.
- (ii) fFor that gGrade, confirm the Zone Pay Range that the employee's current bBase pPay (as at 30 June) falls into (for the relevant year of the Agreement).
- (iii) rReview the Schedule 2 Pay Matrix and identify the Total Base Pay Increase Percentage for that Zone.

Where the Total Base Pay increase percentage results in an employee's base pay exceeding the maximum rate for Zone 4, the maximum rate for Zone 4 will apply as the employee's new base pay. For example, if an employee is currently \$10 below the maximum for Zone 4, the employee will receive an increase of \$10 + 2.04% placing the employee at the maximum rate for Zone 4.

Total Base Pay increases are determined as follows:

~~The Pay Range for each Grade is divided into four Zones (as detailed in Schedule 1).~~
